They used to be perfect.  
That's what I used to think.

the waiver.

Just some details

Been trying IVF since 2013  
Had 2 failed attempts paid  
without insurance.

Now I have insurance and  
the possibility of having 3  
more cycles  
or surrogate before turning  
46.

Please do not forget, time is  
of the essence.
